PROFESSIONAL SUMMARY

Results-driven .NET Developer with hands-on experience building cloud-native applications on Azure. Combines strong C#/.NET skills with Azure services (App Service, Key Vault, CI/CD) to deliver scalable, secure solutions. Background in operational leadership drives a pragmatic, user-focused approach to software engineering.

PROJECTS & INTERSHIPS

HR Management System — Superior Skills, Stockholm

Internship · 2025

- Built full-stack HR system using **ASP.NET MVC** with role-based authentication and permission management
- Implemented **CI/CD pipeline**, reducing deployment time by ~40% with automated releases
- Deployed to **Azure App Service** backed by Azure SQL Database for scalable cloud infrastructure
- Secured secrets via **Azure Key Vault** and managed identity

API Integration Platform — Zocom, Stockholm

Internship · 2026

- Designed and built **RESTful ASP.NET API** integrated with a Java backend microservice
- Managed **PostgreSQL** database interactions and optimised query performance
- Collaborated with React frontend team to deliver end-to-end UI/UX features
- Owned version control workflows via **GitHub** across a cross-functional team

WORK EXPERIENCE

Reception Manager — Stockholm Inn Hotel

Jul 2023 – Jul 2024

- Led front desk operations for a high-volume hotel, managing team performance and scheduling
- Improved guest satisfaction through streamlined check-in processes and staff coaching

Front Office Manager — Hoom Park Hotel, Solna

Feb 2023 – Jul 2023

- Supervised daily hotel operations and maintained high guest service standards

Front Office Manager — Ramilton Hostel, Gamla Stan

Jul 2019 – Jan 2023

- Delivered high-quality customer service in a fast-paced hospitality environment
- Managed bookings, guest relations and team coordination over 3+ years
